

DO YOU WANT

To reduce the waste with 50%?

To increase in sales with 10%?

To have better competitive advantage?

To be flexible to your customers?

Etemp Tag

Single Trip Temperature Data Logger

Extending the shelf life of medicine, fresh fruit, vegetables and flowers

Etemp Tag cold chain logger is an ideal choice for monitoring and recording the temperature of sensitive goods during transportation. Etemp Tag is perfect for pharmaceuticals, frozen food, fresh fruits, vegetable, fish, cold storage etc. It is with very cost-effective design and simple to operate, smart size minimize the space Occupation. The monitor data can be directly read via PDF format by PC or cell phone at destination.

No software required, automatically generating PDF reports

Built in USB Connector, directly connect PC or Android cellphone, no cable or Reader required

Temperature Range: -30°C—+70°C

Low power consumption

Water proof package comply with Ip67

All the datas and parameters Pre-programmed by factory, Easy to operate

General

Type	Pre-programmed/Single use
Memory Capacity	28800 readings
Battery	3.0V CR2032 lithium battery
Shelf Life	1 year
Start Mode	Manual Start
Button	Start/Stop
Logging Interval	10 seconds to 2 hours
Alarm Ranges	According to customer needs
Alarm Type	According to customer needs
Run time	Up to 60 days
Display	LED (OK, Alarm, Fault)
Software	No need
Automatic Data File	PDF format
Data Specification	Temperature Date/Time
Connection	USB 2.0 Connector
Compatible OS	WIN XP/7/8/10 Android cell phone
Protection	IP67
Certification	CE

Temperature Monitoring

Sensor	Internal NTC
Measurement Range	-30°C—+70°C
Accuracy	± 0.5°C

Packing information

Dimensions	86mm L x 50mm W x 4mm H
Weight	11g
Packing/Materials	Food-safety Plastic Bag/ Nylon+PE
